For Teresa. Rola Teresa

Hello Teresa, how are you damn

bitch? Damn you, damn your father,

damn your mother, damn your brother, damn your sister, damn be your kids, damn you and all your family. Maybe you have forgotten about me, but that doesn't worry me. The one who doesn't forget you, it's me. Each day that goes by I think about you. Don't you believe that I like you, I think of you because I'm going to kill you. It's understood that I'm going to kill you. If you pray start getting your book of prayers, to sing your funeral song. Ahead of time you need to know who's talking to you, better yet who is writing to you damn you, it's me the guy who robbed you and is in prison. You and your damn boyfriend testified against me in court. It was three of us who robbed you. But I'm the only one in prison. Do you know why I didn't have you killed?, because I'm not stupid. If I had you killed, the police was going to investigate and would have known that I was the one who had you killed. But, they won't know anything because a long time has gone by.

And, you were thinking that, maybe you're thinking I'll be in prison for life. You are wrong, you hear me damn you, you are wrong. Bitch, your days are numbered. But, before I want to hurt you were it hurts the most, and you can suffer a lot before your turn to die comes. For example killing your father and your mother. If they are dead there is no problem, there are your brothers and if your brothers are dead there is no problem either, because there are your children, where it hurts the most, right? Although they all live, I know it I'm well informed. I know where you are from in the Dominican Republic. Or are you stupid, we robbed you because some one closed to you, who knows you from heads to toes. You are very stupid by showing up in court knowing that I'm Dominican. Do you know who is going to take care of you pretty soon? My cousin. And you know who is my cousin. The owner of a drug point in Manhattan and another one in the Bronx. He has people who are hit men and work for him. He already know who you are. Good-bye bitch.

Teresa my cousin already knows everything in regards to your family in Santo Domingo and New York. And your life everywhere. So no one will save you. He's going to have you kill very soon. They'll kill you. For him it's a pleasure to have you killed, because he has hit men that work for him. He already knows it all.

Damn Bitch [unintelligible] does not do things like crazy, like me, neither he was at the robbery, N is not one of those, he has his drug point in Manhattan and another one in the Bronx, he's going to have you killed, no one will save you bitch.
